PRAYER REQUEST ...

FOR EMILY WU AND FAMILY

As some of you know, Emily Wu, one of our first graders, had a drowning incident in July, which left her with some extensive brain damage. She is home now and has shown some improvement. Emily has a feeding tube and needs to be turned and massaged frequently. Since she is now able to sit upright for a few hours, her parents are going to have her evaluated to see if they can begin preparing her for feeding by mouth. Each day she is making little strides forward for which we are all so very thankful, but Emily and her family still face a long road of recovery. Your prayers are very much desired and appreciated. Your support and encouragement are very much needed. Mrs. Winnie Tong (626-400-7713) is helping to coordinate support for Emily and the family. Thank you so much!

Parents in Prayer
Each Monday, Please join us for a few minutes to lift up ACS in prayer
